Experience

StayinFront

Full Stack Developer

Gandhinagar, Gujarat

August 2022–Present

- Maintained a track record of delivering high-quality code punctually, resulting in a 98% client satisfaction rate and a significant 50% reduction in reported bugs.
- Developed and conducted comprehensive training sessions for the development and support team, resulting in a 20% increase in productivity on our high value project.
- Performed in-depth analysis of complex, undocumented legacy codebase to assess its compatibility with unique client requirements, resulting in a feasibility report that informed the decision-making process.
- Consistently contributed to team success by actively participating in peer reviews and providing valuable feedback, resulting in an average bug reduction rate of 30%.
- Recognized as the Most Valuable Player for above points and overall excellent performance within the first year of joining the organization.
- Languages: HTML, JavaScript, SQL, VBScript
- Technologies: JQuery, BootStrap, ASP.NET and MS SQL.

Projects

- Developed discord bots using Typescript, NodeJS and Discord.JS demonstrating strong back-end skills.
- Creating a mobile wallet app using React Native, showcasing independent development skills.
- Contributed code to open-source projects, actively engaging with the developer community.
